This act makes appropriations for an indefinite period of time for the purpose of allocating the proceeds of the bonds and notes authorized by this act.

BE IT ENACTED BY THE GENERAL ASSEMBLY OF THE STATE OF TENNESSEE:

SECTION 1. The state of Tennessee, acting by resolutions of its funding board, is hereby authorized and empowered to issue and sell direct general obligation bonds of the state of Tennessee in amounts not to exceed eighty-three million eight hundred thousand dollars (\$83,800,000) to effectuate the purposes specified in Section 4 of this act. Further, the funding board is authorized to sell bonds in amounts not to exceed 2.5% of the amounts specified above and authorized in Section 4, for the purpose of funding discount and costs of issuance. Such bonds may be issued and sold in one (1) block or in several installments and separately or

together with other general obligation bonds of the state of Tennessee as the board may determine, either at public or private sale as provided by law.

SECTION 2. The bonds and the interest bearing coupons attached thereto, if any, must be in such form, mature at such time or times within twenty (20) years from the date of their issuance subject to Section 7 of this act, be executed in such manner, be payable at such place or places both as to principal and interest, and be in such denominations and bear such rate or rates of interest, payable in such manner, as the funding board shall by resolution direct; provided, however, that the maximum rate determined by the funding board in no instance shall exceed the legal rate as provided in Tennessee Code Annotated, Section 47-14-103. The bonds and interest payable thereon are exempt from taxation by the state of Tennessee or by any county, municipality or taxing district of the state except inheritance, transfer, and estate taxes.

SECTION 3. When the bonds are so issued and sold, they are direct general obligations of the state of Tennessee for the payment of which well and truly to be made according to the tenor, effect, and terms thereof the full faith and credit of the state, together with its taxing power, must irrevocably be pledged; and the bonds as authorized in this act must be issued agreeable to the terms of Tennessee Code Annotated, Title 9, Chapter 9; and they must be financed, retired, and paid both as to principal and interest as provided in that chapter and are subject to the terms and conditions therein and herein contained. When the bonds are sold and proceeds paid over to the state treasurer, the funds must be paid out by the treasurer and the proper fiscal officers of the state, as provided by general law and this act, but only, except for accrued interest paid as part of the purchase price on order of the proper administrative authorities of the agency or department in this act named for the benefit of which such bonds have been authorized and only to the extent such bonds have in fact been issued for the benefit of such agency or department.

SECTION 4. The proceeds of any and all issues of bonds authorized in this act must be allocated to the following departments:

(1) Department of Transportation in the amount of eighty-three million eight hundred thousand dollars (\$83,800,000) and expended for the construction of highways and for the purpose of acquisition of equipment and sites, and erection, construction, and equipment of sites and buildings, expressly including the acquisition of existing structures for expansion, improvements, betterments, and extraordinary repairs to existing structures, and repair, replacement, or rehabilitation of bridges.

(2) In its discretion the funding board is authorized to issue bonds in amounts not to exceed two and one-half percent (2.5%) of the amounts specified above in subdivision (1), the proceeds of which are to be allocated to such departments as determined by the funding board and expended for the purpose of funding discount and the costs of issuance.

SECTION 5. The proper authorities enumerated in this act and charged with the duty of expending the funds have the authority to proceed with the projects authorized in this act and for that purpose may hire an architect or architects, advertise for bids and award contracts, all within the provisions of the general law, expressly including Tennessee Code Annotated, Title 4, Chapter 15, and rules of the state building commission, and in agreement with the terms of this act. No contract, including a contract for architectural services, involving a project authorized by this act that is subject to the approval of the state building commission shall be entered into unless and until that contract has been approved by the state building commission. The foregoing provisions shall not apply to any grants authorized in this act, but the department of finance and administration, charged with the duty of expending funds, has the authority to enter into such grant contracts and perform in accordance with their terms only after the projects have been approved by the state building commission.

SECTION 6. The allocation made to each agency or department as provided in Section 4 may be applied as determined by the funding board to bear its appropriate portion of discount and costs of issuance.

SECTION 7. Pending the issuance of the definite bonds authorized by this act, the state of Tennessee, acting by resolutions of its funding board, is authorized and empowered to issue and sell, either at public or private sale, together with accrued interest thereon, its interest-bearing bond anticipation note or notes. Such note or notes must be authorized by resolution of the funding board. The note or notes must bear such date or dates, bear interest at such rate or rates, be in such denominations, be in such form, be executed in such manner, be payable in such medium of payment, at such place or places and mature on such date or dates, subject to such terms and conditions as such resolution or resolutions may provide. In its discretion, the funding board may provide that a bond anticipation note or any renewal of such note may mature more than five (5) years from the date of issue of the original note; provided, that an amortization schedule of repayment of principal is established for the project funded by the note and provisions are made such that any note or renewal note or bond refunding such note attributed to the financing of such project must be redeemed or retired no later than either twenty-five (25) years from the date of issue of such original note or twenty (20) years from the date the project is completed and placed in full service, whichever is earlier. Provisions of general law with respect to authentication, execution, and registration of general obligation bonds of the state of Tennessee also apply to the notes to the extent applicable. The note or notes and the interest payable thereon are exempt from taxation by the state of Tennessee or by any county, municipality, or taxing district of the state except inheritance, transfer, and estate taxes. Any resolution or resolutions of the funding board authorizing the issuance of such bond anticipation note or notes must provide that the same are issued in anticipation of the bonds

authorized under this act and must further provide that the full faith and credit and taxing power of the state of Tennessee are pledged to the payment thereof.

In its discretion the funding board is authorized to issue bond anticipation notes, the proceeds of which are to be allocated to the funding board and expended for the purpose of funding discount and the costs of issuance, as part of the two and one-half percent (2.5%) additional amounts authorized by Section 4 of this act.

SECTION 8. No bonds shall be issued under the authority of this act until such time as the general assembly has appropriated sufficient funds to pay the first year's obligation of principal and interest on the amount of bonds to be issued and the state funding board has determined that such funds are available.

SECTION 9. Notwithstanding any other provision of this act to the contrary, the bonds and bond anticipation notes authorized by this act may be designated "college savings bonds" and be issued pursuant to the provisions of the Baccalaureate Education Savings for Tennessee Act, Chapter 190, Public Acts of 1989.

SECTION 10. If any provision of this act or its application to any person or circumstance is held invalid, then the invalidity does not affect other provisions or applications of the act that can be given effect without the invalid provision or application, and to that end, the provisions of this act are severable.

SECTION 11. No expenditure of public funds pursuant to this act shall be made in violation of the provisions of Title VI of the Civil Rights Act of 1964, as codified in 42 United States Code 2000d.

SECTION 12. This act takes effect upon becoming a law, the public welfare requiring it.
